ABOUT US?

We are sister companies dedicated to the design and manufacture of cardboard and folding packaging, founded in 1995. Currently we are among the most important companies in the manufacture of corrugated cardboard sheets, generic corrugated boxes, custom corrugated boxes, folding boxes for different sectors of the industry.

We are located in the city of León, Gto., having our area of influence in the Bajío region.

MISSION

Manufacture, printing and marketing of folding, micro corrugated and corrugated cardboard boxes, made with the best technology and a highly trained staff to meet the needs of our customers, providing high quality and the best service.

VISION

Position ourselves as leaders in the manufacture and printing of cardboard boxes, achieving greater participation and diversification in the national and international market, always committed to our collaborators, society and the environment.

A photograph of a food processing facility. In the foreground, a stainless steel table holds several round, light-colored food items, possibly cheese wheels or bread. In the background, there are several large, cylindrical stainless steel vats or tanks, each supported by a metal frame. The scene is brightly lit, and the overall color palette is dominated by the metallic silver of the equipment and the light colors of the food items.
